SAFE SPACE SCHOLARSHIP
The Safe Space Endowed Scholarship has been established to support lesbian, gay, bisexual, or transgender students at Kennesaw State University. This scholarship provides financial assistance to a full or part-time student, undergraduate or graduate, who has worked to enhance the lives of lesbian/gay/bisexual/transgender individuals through active involvement in on-or off-campus LGBT advocacy organizations. The scholarship will help offset the costs of tuition, housing, and fees, allowing the student to compress the time it takes to meet their degree requirements and concentrate on their degree programs.
Lesbian, Gay, Bisexual, Transgender, Queer and Questioning Student Programs (LGBTQ SP) provides advocacy, programming, and services for students of all gender identities, gender expressions and sexual orientations. As the newest unit within Multicultural Student Affairs, LGBTQ Student Programs has quickly become an indispensable resource for the KSU community and a model for other universities that seek to emulate the program’s Safe Space and Stonewall Housing Community initiatives. The LGBTQ Resource Center offers a safe, welcoming space for all KSU students, faculty, staff and alumni. Collaborations with partners throughout the university have established more than 130 safe spaces across campus, fostering an inclusive environment for the KSU community.
